PANELLO • PANEL TRACKS

To create your customized panel track system:

1 Choose track width, 2 Choose panel width, 3 Choose quantity of panels (Refer to price list for tabulation and codes.)

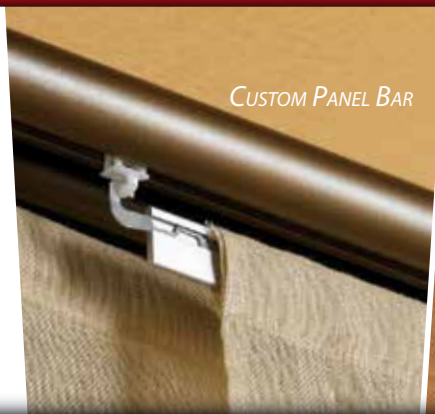

The flexibility of the dual-track panel system offers numerous stacking possibilities depending on changing sunlight conditions throughout the day. (It is not necessary to specify stacking preferences when ordering)

PANEL GLIDERS

Panello Panel Tracks offer two ways to attach your fabric.

Custom Panel Gliders & Hook and Loop Panel Gliders.

- Custom Panel Gliders** allow your fabric to slide onto the hanger. Make the rod pocket a minimum of 1".
- Hook & Loop Panel Gliders** allow for quick placement and removal of fabric for cleaning.

STANDARD KITS

Standard kits are easy. Just add fabric!

COMES ONLY WITH A STANDARD PANEL BAR, 12" OR 24".

- Make the rod pocket minimum of 1".

WAVE DRAPE • TEKNO WAVE, STANDARD WAVE, TEKNO SNAP & EXTENDED WAVE SYSTEMS

Wave Drape carriers use a new hook system as opposed to the traditional snaps.

- Wave Hooks allow for more flexibility and ease of use.
- Multiple fullness: 1.8 to 2.7 fullness.
- Easy installation, no force required to place hooks.
- Change hook placements quickly after drape is installed.
- Drapes can be washed even while hooks are installed.
