**PARIS TEXAS
HARDWARE**

2014 Drapery Hardware Catalog

Details matter.

When every aspect of a design is carefully considered, the resulting creation is truly distinctive.

And when a brand pays fanatical attention to every product detail - deliberately curating every collection, year after year - exceptional design becomes its defining signature.

Since 1992, Paris Texas Hardware has been devoted to providing exclusive collections of drapery hardware, featuring nothing but one-of-a-kind products. Our designs have always been, and will always be, uniquely our own. Whether it's a final silhouette that has never been seen before or an Old World classic with a new world twist, we promise to provide you with something different – something that you cannot find anywhere else in the world.

We painstakingly pore over every detail and edit each collection of our drapery hardware products – always with your ultimate creative inspiration in mind.

Paris Texas Hardware Mission

With a dedication to exceptional design and superior service, Paris Texas Hardware will provide a unique, elegant, and high quality selection of decorative drapery hardware and accessories. We believe all of our products will be unrivaled in their ability to stand alone as decorative, durable, and functional. Paris Texas Hardware will offer an enjoyable customer experience that includes honest dialogue and responsive feedback.

DESIGNED TO INSPIRE.

Enhance your Modern Finial

Position a 1" Band against the base of your 1" Modern Metal Finial.

Embellish your Pole

Install 1" Bands anywhere along the length of your pole... spread them out or stack them side by side for a dramatic effect.

Need Some Glamour?

Dress up your Modern Finial: Add a 1" Band

1" Modern Metal Finial Accessories

- Only for use with 1" diameter pole.
- Not recommended for 1" Hand Drawn Traverse.

1" Braided Band

Enhance your Transitional Finial

Install the Traditional Collar between the Finial and its Cuff. The Collar's turned design and classic contour add Traditional styling to an otherwise Transitional look.

Today's Traditional

Refine your Transitional Finial: Add a Traditional Collar!

1" Transitional Metal Finial Accessory

Traditional Collar

POTRADCO

5/8" W

1 1/8" DIA

Titanium

- Metal; available in any Portfolio finish.
- Can only be added to 1" Transitional Metal Finials. (Finials maintain compatibility with 1" Hand Drawn Traverse.)

*TIP:
Traditional Collar
also looks great
in a
contrasting
finish!*

How To Make It Traditional:

Unscrew the Transitional Finial from its Cuff.

Screw Finial into the Traditional Collar. Screw Traditional Collar into the Cuff.

Single 1" Hand Drawn Traverse System
shown in Moonlight Finish;
Elm with Cuff Finial sold separately.

Double 1" Hand Drawn Traverse System
shown in Barnwood Finish;
Cole with Cuff Finial and Luna End Cap
sold separately.

1" Hand Drawn Traverse System RECOMMENDED FOR LIGHTWEIGHT DRAPERIES

1" Hand Drawn Traverse System INCLUDES:

- Track(s): Continuous track available up to 8'; spliced lengths available up to 16'.
- Brackets
- Components: Glides and Glide Stop(s)*
- 48" Clear Acrylic Wand(s)*

**Note: Each Center Draw Track includes 2 Glide Stops and 2 Acrylic Wands. Each One-Way Draw Track includes 1 Glide Stop and 1 Acrylic Wand.*

Finials sold separately.

- 1" Finials with a Cuff must be ordered with all 1" Hand Drawn Traverse Systems.
- Only 1" Transitional Metal Finials and 1" Transitional Pearl Resin Finials can attach to the track without modification. (Their Cuff is included.)
- Any 1" Portfolio Finial can be *modified* to fit the 1" Hand Drawn Traverse track with the addition of a 1" Cuff, sold separately.
- Finials must have a Cuff to attach to the track.
- If a Traditional Collar is added to the 1" Transitional Finial or the 1" Glamour Finial with Cuff, it will still fit the track.

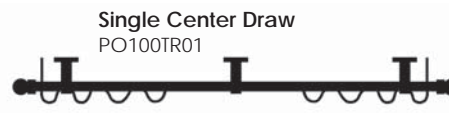

Maximum drapery weight - 2 lbs/ft.

Available in any Portfolio Finish.

Order in 3 Easy Steps:

Step 1: Select your Draw.

Step 2: Select your Bracket.

**Benjamin
Moore®**
Paints

Looking for that perfect hardware finish to match your wall, fabric, or furniture?

Allow PTH Perfect Match™ to stir your imagination and inspire you to create your own unique window treatment.

Imogene Finial
Englewood Cliffs – eggshell
1607

Imogene Finial
Englewood Cliffs – high-gloss
1607

Here's how it works:

Choose any Benjamin Moore® color in either **high-gloss or eggshell** sheen level.

For a minimal service charge, we will apply your specified color to your Paris Texas Hardware selection and responsibly dispose of any leftover paint.

Make it your own:

For a minimal service charge, we will **add highlights** to your PTH Perfect Match™ hardware selections. Highlights are only available on PTH Perfect Match™ finishes.

Choose from 4 highlight options:

(Shown applied to Benjamin Moore® Fuchsine 1343 – eggshell below)

Multiple factors affect the final look of your chosen PTH Perfect Match™ finish:

- High-gloss and eggshell sheen levels affect colors differently. High-gloss sheen tends to deepen your chosen color, causing it to seem slightly darker than it would with an eggshell sheen.
- Smooth and textured surfaces accept highlights in different ways. Products with sculptural relief and texture will receive more noticeable highlights than smooth products.
- Pay attention to the contrast between your chosen Benjamin Moore® color and your chosen highlight. Greater contrast in lightness, brightness, or hue creates a bold highlight. Lower contrast produces a subtle highlight.
- We offer strike-offs to make sure you love your finish and sheen level before you order.

Turn the page to compare various Benjamin Moore® colors with different sheen levels and highlights.

TRAVERSE SYSTEMS

EasyPull™ Heavy-Duty Traverse System For Pinch Pleat

System Features:

- Heavy-Duty EasyPull™ System supports up to 8 pounds per foot
- center and one-way draw available
- right or left pull option built-in; no restringing required
- simple pull and release action operates draperies with ease
- continuous track available up to 20'; spliced lengths available up to 38'
- color coordinated track, brackets, and components available in Gold or Bronze
- decorative wood fascia available in 2" or 2 ¼" fluted or smooth profiles
- all Portfolio, Quick Ship Wood and Resin, and PTH Perfect Match™ finishes available

Benefits of EasyPull™ Heavy-Duty Traverse Systems:

- Heavy-Duty System is perfect for heavier treatments
- longer lengths are versatile for residential or commercial projects
- adjustable one cord feature allows user to determine placement of pull cord
- pre-corded with glides and master carriers installed for easy installation; C-rings ship separately and easily snap into glides
- easy to install – track snaps into brackets, fascia clips onto track

How to Order:

1. choose a style

- single or double system
- with or without 2 ¼" C-Rings

2. choose a fascia and finish

- 2" or 2 ¼" fascia
- fluted or smooth profile
- 30 Portfolio finishes
- 5 Quick Ship Wood and Resin finishes
- PTH Perfect Match™

Finials are sold separately. 2" or 2 ¼" Portfolio and Quick Ship Wood and Resin finials are compatible.

Available colors for EasyPull™ Heavy-Duty Traverse System:

Gold

Bronze

See Retail Price List for more traverse system details.

EasyPull™ Light-Duty Basic White Traverse System For Pinch Pleat

System Features:

- Light-Duty Basic White Traverse System supports up to 4 pounds per foot
- center and one-way draw available
- right or left pull option built-in; no restringing required
- simple pull and release action operates draperies with ease
- continuous track available up to 20'; spliced lengths available up to 38'
- track, brackets and components available in White
- decorative wood fascia available in 2" or 2 ¼" fluted or smooth profiles
- all Portfolio, Quick Ship Wood and Resin, and PTH Perfect Match™ finishes available
- not available for use with rings

Benefits of EasyPull™ Light-Duty Traverse Systems:

- Light-Duty Basic White Traverse System is a perfect application for sheers as well as medium weight fabrics
- Light-Duty Basic White Traverse System without fascia is an ideal solution behind cornices and valances
- longer lengths are versatile for residential or commercial projects
- adjustable one cord feature allows user to determine placement of pull cord
- pre-corded for easy installation with glides and master carriers installed
- easy to install – track snaps into brackets, fascia clips onto track

How to Order:

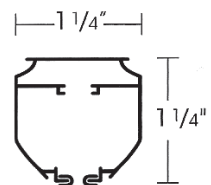

1. choose a style

- single or double system
- without rings only

2. choose a fascia and finish

- 2" or 2 ¼" fascia
- fluted or smooth profile
- 30 Portfolio finishes
- 5 Quick Ship Wood and Resin finishes
- PTH Perfect Match™

Finials are sold separately. 2" or 2 ¼" Portfolio and Quick Ship Wood and Resin finials are compatible.

Available color for EasyPull™ Light-Duty Traverse System:

White

See Retail Price List for more traverse system details.

TRAVERSE SYSTEMS

EasyPull™ Traverse Systems Include:

- available in Gold or Bronze
- color coordinated to complement fascia finish
- may be ordered with or without wood fascia

Light-Duty Track

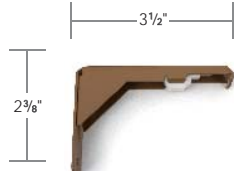

- available in White only
- may be ordered with or without wood fascia

BRACKETS: Brackets designed for easy installation – simply snap track into plastic tab on bracket. See Retail Price List for diagrams and specifications.

3" EasyPull™ Single Bracket

EZ50 2 3/8" H x 1 1/8" W backplate

- available in Gold, Bronze, or White
- included in Single Systems

Ceiling Mount Bracket

EZ52 3/8" H x 2 1/2" Deep x 7/8" W

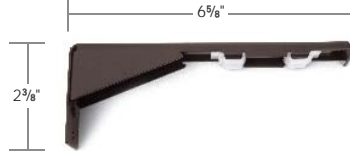

- available in White
- single bracket; may be substituted in Single or Double Systems

6" EasyPull™ Double Bracket

EZ51 2 3/8" H x 1 1/8" W backplate

- available in Gold, Bronze, or White
- included in Double Systems; may be substituted in Single Systems when 6" return is needed

EasyPull™ Over-Bracket

PO214OVBKS 3 1/4" H x 1 1/8" W backplate, 6 7/8" Return

- available in 30 Portfolio, 5 Quick Ship Wood and Resin, and PTH Perfect Match™ finishes
- used to combine 2" or 2 1/4" wood pole with Single Systems
- traverse mounting bracket simply installs under Over-Bracket using the same screws
- matching shims are provided for other traverse brackets

GLIDES: Available for Standard Pinch Pleat Treatments.

No Ring Heavy-Duty EasyPull™ Glide

EZ55

- available in Gold or Bronze
- 3-wheeled glides nest together for a tighter stack-back

2 1/4" C-Ring with Glide

EZ54

- available in Gold or Bronze
- 3-wheeled design allows glides to nest together for a tighter stack-back
- C-Ring available in 30 Portfolio, 5 Quick Ship Wood and Resin, and PTH Perfect Match™ finishes
- ring simply snaps into glide for easy installation
- ring molded from polymer material; will never warp or crack
- only for use with 2 1/4" fascia

No Ring Light-Duty EasyPull™ Glide

EZ59

- available in White
- Light-Duty Basic White glide does not include wheels and creates the tightest stack-back of EasyPull™ systems

Heavy-Duty Ball Bearing Traverse System Includes:

TRACK:

Heavy-Duty Track

- available in Gold, Bronze, or White
- track and brackets color coordinated to complement fascia finish; end pulley and glides in White only
- may be ordered with or without wood fascia

BRACKETS: See Retail Price List for diagrams and specifications.

Single Traverse Brackets

BBTB35 2⁵/₈" H x 1¹/₂" W backplate

- adjustable 3¹/₂" – 4¹/₂" return
- available in Gold, Bronze, and White
- included in Single System

Double Traverse Bracket

BBTB 3³/₈" H x 1¹/₂" W backplate

- adjustable 5¹/₂" – 6¹/₄" front return; adjustable 2¹/₂" – 3¹/₂" back return
- available in Gold, Bronze, and White
- included in Double Systems; may be substituted for Single Systems when 6" return is needed

Single Ceiling Mount Bracket

BBCM 3³/₈" H x 2⁵/₈" Deep x 7¹/₈" W

- available in White
- may only be used in systems without fascia
- single bracket; may be substituted for Single or Double Systems
- for double ceiling mount installation, install two individual bracket clips into ceiling
- ceiling mount bracket clips are also used to attach fascia L-bracket to track

Traverse Fascia L-Bracket

BBLB 1¹/₂" H x 1¹/₂" W

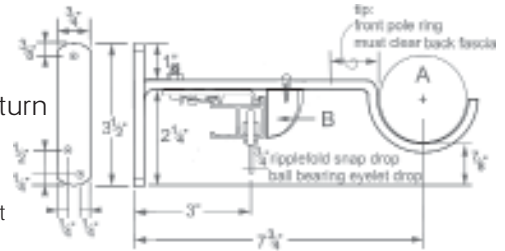

- combines with bracket clip to attach fascia to Ball Bearing Traverse System
- included in system; additional L-Brackets may be ordered separately

Ball Bearing Over-Bracket

BBOVBKS 3¹/₂" H x 3¹/₄" W backplate, 7³/₄" front pole return; 3" back track return

- available in 30 Portfolio, 5 Quick Ship Wood and Resin, and PTH Perfect Match™ finishes
- use to combine 2" or 2¹/₄" full wood pole with Single Traverse Systems
- traverse mounting bracket simply attaches directly into the bottom of the Over-Bracket
- must specify: A. 2" or 2¹/₄" smooth or fluted wood pole
B. back fascia, if desired

GLIDES: Available for Standard Pinch Pleat or Ripplefold® Style treatments.

No Ring Heavy-Duty Ball Bearing Pinch Pleat Glide

BB55

- available in White

PINCH PLEAT

RIPPLEFOLD® STYLE

Ripplefold® Style Glides

- BBRF
- available in White
 - 80%, 100% and 120% fullness available; please specify fullness on order
 - overlap master carriers are standard
 - butt master carriers available; do not feature overlap, allowing some light to filter between draperies on center draw treatments
 - butt master carriers must be specified for substitution

Brackets and Pinch Pleat Carriers

See Retail Price List for more traverse system details.

PTH Motorized Traverse System

For Pinch Pleat or Ripplefold® style

System Features:

- Standard and Heavy-Duty Systems available
- center and one-way draw available
- plug and play power supply for standard wall outlets (110V or 220V AC)
- individual or multi-system control
- wireless wall control available
- manual override and touch control
- Pinch Pleat or Ripplefold® style glides available (80%, 100%, or 120% fullness)
- continuous track available up to 20'; spliced lengths available up to 40'
- decorative wood fascia available in 2" or 2¼" fluted or smooth profiles
- all Portfolio, Quick Ship Wood and Resin, and PTH Perfect Match™ finishes available
- not available for use with rings

BTX DC MOTORIZED TRAVERSE SYSTEM

Shown: 2¼" Smooth Fascia and Fiona Finial in Silver Maple finish, single BTX-DC-60 motorized system, pinch pleat.

- color-coordinated track, brackets, components
- standard 60lb. motor, heavy duty 120lb. motor, and solar powered 45lb. motor available
- tandem motors for increased weight capacity
- standard pinch pleat, Graber® Rollpleat style, or Kirsch Ripplefold® style carriers available
- new Ripplefold® style master carrier allows continuous rippling effect

SOMFY GLYDEA™ RANGE MOTORIZED TRAVERSE SYSTEM

Shown: 2" Smooth Fascia and Mariele Finial in Andiron, single Glydea 35° motorized system, Ripplefold® style, 100% fullness.

- color-coordinated track and brackets: *components are White only*
- standard 77lb. motor or heavy-duty 132lb. motor available
- can integrate with other Somfy motorized products
- *My Position* (set your favorite drapery position)
- standard pinch pleat or Kirsch Ripplefold® style carriers available
- table top control, sun sensor, programmable timer with on-screen display available

Standard colors for BTX and Somfy track and brackets. BTX components available in all three colors. Somfy components available in White only.

Graber is a registered trademark of Springs Window Fashions, Inc. Ripplefold is a registered trademark of Kirsch, Inc.

See Retail Price List for more traverse system details.

TRAVERSE SYSTEMS

Benefits of Motorized Traverse Systems:

- Motorized System is perfect for all treatments – from lightweight sheers to heavily lined fabrics
- ideal solution for treatments mounted where corded systems are not easily reached
- longer lengths are versatile for residential or commercial projects
- network integration available
- ceiling mount systems may be used with or without fascia
- Motorized Systems ship with fascia and brackets installed for easy installation

How to Order:

1. choose a style

- single or double system
- without rings only

2. choose a fascia and finish

- 2" or 2 ¼" fascia
- fluted or smooth profile
- 30 Portfolio finishes
- 5 Quick Ship Wood and Resin finishes
- PTH Perfect Match™

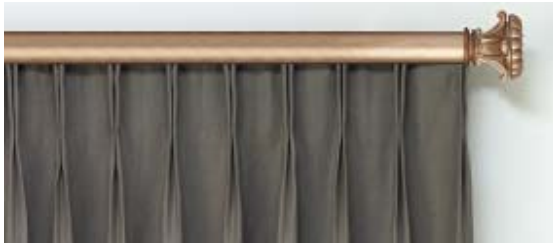

3. choose a motor

- 3 BTX motors
- 2 Somfy Glydea™ motors

4. choose a carrier

- Standard Pinch Pleat
- Ripplefold® style

Finials are sold separately. 2" or 2 ¼" Portfolio and 2 ¼" Quick Ship Wood and Resin finials are compatible.

STANDARD PINCH PLEAT

- carriers available in Gold or Bronze or White on BTX System
- carriers available in White only on Somfy System

RIPPLEFOLD® STYLE

- carriers available in White
- 80%, 100% and 120% fullness available; please specify fullness on order

Somfy System:

- overlap master carriers are standard
- butt master carriers available; do not feature overlap, allowing some light to filter between draperies on center draw treatments
- butt master carriers must be specified for substitution

BTX System:

- butt master carriers are standard and feature an underlap arm, allowing continuous rippling effect while also blocking light

Brackets and Pinch Pleat Carriers quantity per system

	6'	7'	8'	9'	10'	11'	12'	13'	14'	15'	16'
pinch pleat carriers	24	28	32	36	40	44	48	52	56	60	64
brackets	3	3	4	4	4	5	5	5	6	6	6

Standard carriers are 4 per foot. Standard brackets are 1 every 3-4 feet.

See Retail Price List for more traverse system details.

Finishes

Finishes with antiquing, dusting, or glazing will vary from product to product depending on the level of detail. Areas with deeper recesses will appear darker than smooth areas.

For the best possible finish match, refer to the 2014 Paris Texas Hardware Finish Chips. These chips have smooth, fluted, and carved detailed areas, enabling you to see the beautiful shadings and highlights that make our finishes so special.

Strike-offs: For an additional fee, Paris Texas Hardware can provide a sample of your Portfolio or PTH Perfect Match™ finish on any wood or metal pole as requested. Customer approval of the strike-off sample is required before production will begin.

Touch up paint can be sent to the customer on request, for an additional charge.

Materials

Some finials, brackets, holdbacks, and rings are made of resin composite materials. Resin may be damaged by cutting, drilling, or attempting to alter the size or shape of products. Some items are made of cast aluminum or stamped steel. Wood poles and wood rings are made of various hardwoods. Metal poles and metal rings are made of steel.

Poles & Rods

Poles may be spliced together using a dowel splicing screw, which is included with each pole. We recommend a center support bracket for pole lengths in excess of four feet. We cannot guarantee against sagging caused by unsupported spans greater than our recommended four feet.

Finials & Holdbacks

All finials and holdbacks are sold as pairs. Most resin finial bases have a 1/8" recess for a clean pole fit. Resin finials are fitted with a dowel screw that may not be removed without damaging the finial

Brackets

Brackets are sold individually. Depending on the style of the bracket, there are three wall mounting styles; key lock, round mounting plate, or front drill. Some heavier treatments may require stronger fasteners (mollies and screws) than those included with the brackets. Brackets should be installed securely into wall studs.

Rings

Rings are sold individually. Eyelets are not detachable from resin rings. Excessive movement of rings on the top of the pole will naturally abrade the finish. We discourage using heavy treatments with the 1" resin rings. We recommend three to four rings per foot of finished pole length, or six to seven rings per width of fabric.

GENERAL INFO

Production Time

Purchase orders are processed once they are received by Paris Texas Hardware. Incomplete information will delay processing and shipping. Quick Ship collections are in stock and ship within 24 hours. Quick Ship orders received before noon CST ship the same day. Portfolio custom collection is hand finished and ships within 10-15 business days.

Corded and Motorized Traverse Systems

Traverse systems are available for 2" and 2¼" Portfolio and 2¼" Quick Ship Wood and Resin. Production time for traverse system orders is 10-15 business days. Please refer to pages 61-68 for available pole sizes and finishes.

Pricing and Terms

Pricing found in the Paris Texas Hardware Price List are our Suggested Retail Prices. Prices are subject to change without notice. Prices are quoted exclusive of Freight and Packaging. The Buyer should always inspect the product upon receipt.

IMPORTANT: Please note that your order will be placed with an authorized Paris Texas Hardware Distributor. While most of the following will generally apply, your distributor may have terms and conditions of the sale that will vary from what is stated here.

Returns, Changes, and Cancellations

All Portfolio and PTH Perfect Match™ products are custom painted and may not be returned. Orders may not be changed or cancelled once production has begun.

Quick Ship items may be returned if poles are uncut and all products are received in sellable condition. A restocking fee of 40% will apply and the customer will prepay freight. All returns must be authorized by the Paris Texas Hardware customer service department, and are authorized at our discretion, given the circumstances and nature of each order. A Return Authorization Number (RA#) must be issued by customer service, and the RA# must be noted on all return packages. Return Credit is issued on returned goods that are inspected and deemed undamaged. Customers should exercise care to adequately package return goods. Return Credit will not be issued for unauthorized returns or damaged returns.

Shipping

All hardware orders are shipped FOB Dallas, Texas. Poles over 100" MUST be shipped by common carrier. Please see the Paris Texas Hardware Retail Price List for applicable Freight and Packaging fees.

Damaged Goods and Freight Claims

Immediately upon receipt, your order should be inspected to ensure that there is no concealed damage from shipping. To report a claim, contact your Paris Texas Hardware distributor. Damage and freight claims must be made within 15 days of receipt of goods. Claims reported after 15 days will not be accepted. To expedite the claim process, please provide your distributor with the following information: purchase order number, Paris Texas Hardware order number, shipping phone number and address, and a complete list of damaged items. Freight companies require all packaging materials and damaged items to be kept for inspection. Merchandise damaged in shipping will be replaced. Our policy is that we replace damaged product per the original order.

Please note on the Bill of Lading If there is any possibility of concealed damage.

Installation

We recommend using a professional installer. Installation hardware is included. The fasteners (screws and mollies) may not be appropriate for every installation or wall material. Brackets and holdbacks should be installed securely into wall studs when possible. Paris Texas Hardware will not assume responsibility for damages incurred by improperly mounted or inadequately supported hardware.
